A WORD FOR THE BODY OF CHRIST 2020

I was talking to my brothers on the phone but I could see them too. We were all laughing and having a good conversation about nothing important. I then tried to arrange a meeting for all of us at my house. My brother Charlie held up a paper that said no I don't want to meet in an intimate place like your house I want to meet in a public place. I do not want to be in an intimate place with my brother because I am still mad and offended with him.

Suddenly,

I was at my fathers house where I grew up and my brothers were there with me. Just the three of us were in the house. We were out on the front step. I looked to the left and off in the distance on a high hill there was this very dark, very large, crooked city. It was built very high and was creating a huge smoke screen. Suddenly it began to shake and it began to topple. I knew that the Lord had caused this to happen.

There was a piece that they were laying on the top of the main structure that was not firmly put in place yet. It was as if He gently flicked it with His finger And it began to fall and cause a crumbling of that city. The crumbling created a force in the atmosphere much like a tornado but the tornado was throwing off a very dense and evil fog that was alive and blinding. This storm that the city on the left created was coming straight for us. We went in the house, locked the doors and windows and watched it from the kitchen window. It would bang up against the doors and windows trying to get in. I was certain that I was safe because I was in my Father's house. The fog was seeking people to blind and smother. Suddenly the fog broke through the kitchen window so we ran to hide in my fathers bedroom. I knew I was safe there. Even when the fog entered I knew I would be safe, but I was wondering how it got in to my Fathers house. I crouched for safety and I looked and saw my brother Charlie sitting on a bed that had been turned upside down and was torn apart, he could not find safety in my fathers bedroom. I sent my brother Charlie a message that said, "You are willfully holding unforgiveness in your heart. The Lord says we must forgive in order to be forgiven. You will stand guilty before Him. You know better than this. You will be over taken by the fog if you do not repent and forgive."

INTERPRETATION:

The leftist agenda has built itself up in our nation and has taken over our nations capital. It is steering our nation and has released a smoke screen of "love" created to conceal demonic military operations and the enemies true intent to lead Canada into further bondage of evil. This city is about to be shaken by the Lord and it is about to release one of the largest and intensified spiritual storms. This storm will try to blind and overtake even many of the household of the Lord as well. There will be a greater push for its power and control in this coming decade. This is not only being permitted by the Lord but instigated by His shaking. A time of separation has come. He, in due time, will lay that city to ruin, and many that do not respond to His plea for righteousness, that do not run with the fear of the Lord to His grace and mercy will be overtaken. Many of them will not even know it, they will continue to walk around claiming to be His but will not bare the fruit of a righteous oak.

I believe that many in the household of faith will be deceived in this hour due to the condition of their hearts. They have hardened their hearts to the commands of God and treat Him as though He is not there with them; they worship on Sundays and talk like He is real but they decide for themselves what is right and what is wrong; they hold judgement against fellow man instead of following God's command to forgive; they follow their own evil desires and make their own paths. All day long they live for themselves and try to create their own fate; they mix worldliness with His word concerning their destiny, desiring their own plans instead of His, attempting to

achieve it their own way in an attempt to be exalted in the earth instead of exalting Him. At night many go out among the dead and join in their celebrations, partying and mingling in the shadows. Many have opened their hearts to the leftist agenda crying peace, love and tolerance, cowering before the crowd, instead of standing for righteousness and truth.

He is using the shaking in this hour to further expose the remnant. For just as there was the real Israel within Israel, there is the real church within the church. Great and visible favour will begin to fall on the remnant. They will not be exempt from the storm but they will be protected and favoured in the midst of it. Even loved ones will be exposed and made vulnerable to the storm, we must not try to cover and ignore it, we must confront and try to restore them.

With a rising of the remnant will come a reformation of the church. Fear of the Lord and a desire to live by the full council of God will begin to be restored.

He is also going to continue to expose the hearts of church leaders and even prophetic voices. Compromise has crept in and polluted the true word and warning of the Lord. This has allowed the enemy easy access into the Fathers house.

As I was writing this I heard the Lord say, "But do not fear, those who wholeheartedly follow the Me, the Lord God Almighty, will be kept and favoured in this hour. I will begin to open My glory realm to you like never before in your generations. I am not favouring one generation over another, I am favouring all generations that follow after Me. As you keep your eyes like flint on Me in the midst of every trial, every temptation, every sorrow and every celebration I will show you My glory, I will show you how to achieve the supernatural needed for this hour. You will be the head and not the tail. Do not be afraid to ask for and expect the wildest of provisions. Come closer to Me and to each other and allow Me to move in your midst. Grow in pure and undefiled brotherly love and unify as one, with one heart and one mind. Allow Me to knit your hearts together. For this is the key to the harvest. This is the key to My miraculous realm. This is the master key to My Kingdom," Says the Lord.
